SANFORD'S RADICAL

CURE.

Sanford's Radical Cure for Cartarth is a safe, certain, and permanent cure for catarth of every form, and is the most perfect remedy ever devised. It is purely a vegetable distillation, and is applied locally by insuffiction, and constitutionally by internal administration. Locally applied relief is instantaneous. It soothes, heals, and cleanses the nasal passages of every feeling of heaviness, obstruction, deliness or dizziness. Constitutionally administered it renovates the blood, purifies it of the acid poison with which it is divays charged in catarth stimulates the stomach, liver and kidneys, perfects digestion, makes new blood, and permits the formation of sound, healthy tissue, and flually obtain-complete control over the disease. The remarkable surative powers, when all other remedies utterly fail, of Sandford's Radical Cure, are attested by thousands who gratefully recommend it to follow sufferers. No statement is made regarding it that cannot be substantiated by the most respectable and reliable references. It is a great and good medicine and worthy all confidence. Each package contains a treatise on catarth and Dr. Sanford's Improved Inhailing Tube, and full directions for its use in all cases. Price \$1.

An Enthusiastic Friend of Sanford's Radical Cure.

McHatton, Grant & Brown's Fire and Marine Insurance Agency, 25 Pine Street, St. Louis, Mo., Feb. 7, 1877-1 A. MELLIER, Washington Av., City.-Dear Me 2. A. MELLIER, Washington Av., City — Dear Mel-lier I have for some years been troubled with ca-tarri, and for the past two years have suffered ser-ions's with it. Noticing your advertisement of Sauferd's Remedy Radical Care), I decided to try it. I have used only two bottles, and as a result I feel se much relieved that I persume on our person-al relations and write this to you and ask that you take some neasures to get it more prominently be-fore the public, that others may have such relief as I have. I have recommened it to quite a number of my friends, all of whom have expressed to me their high estimate of its value and good effects with them

them
I really think it particularly adapted to wants of St. Lans people, and they all ought to know of it, and tiose who need it should try it. I will risk the assertion that 1000 I oz. vials (as a sample) to be giver away will sell as many bottles.
Try some pian. Let the people have it; they need t. I believe I could sell 5000 bottles myself—of coles you could largely increase this number Why not fry it? Yours truly. WM. BOWKN.

LAME BACK

RHEUMATISM CURED BY

MESSES. WEEKS & POTTER: Gentlemen-One year ago was seized with a severe attack of Rheumatism in tayright hip, to which I was sub-ject. I tried the valous limiments and rheumatic ject. I tried the valous liminents and rheumatic cares, but without least benefit, when my son, a druggist, suggested one of your Collins' Voltaic Plasters. The effectwas almost magical, for, to my grateful surpise. I was almost immediately well again, and was able to work upon my farm as usual, whereas, before the application of the pinster. I could do nothing, and every step gave me pain. A few weeks since, one ear from the first attack, the disease returned, but I am happy to say the second proved as effectious at the first, and I am now well. My wife wishes me to add that one plaster has cured her of a very lams back. We think there is nothing in the world of remedies that can compare with the Collins' Voltar Plasters for rheumatism and lame back, and chestfully recommend them to the sufficient. Yours very respectfully.

OBLAND, Me., June 6, 1876. ROBERT COMTON.

NOT A QUACK NOSTRUM. GENTLEMET—I hereby certify that for several years past I have used the Voltaic Plasters in my practice, and have never known them to fail in affording speady relief in those cases for which they are recommended. They are not a quack nostrum, but a remedul agent of great value. Very truly yours.

THE PLAGUE.

[Special to the Republican.] Мемриіs, Aug. 26.—Even 100 new case and 26 deaths is the showing of the books at the office of the board of health at 6 o'clock this evening. While there has been an increase in the number of new cases over yesterday's reports there is no increase in the number of new cases of to-day is Mr. Fred R. Brennan, city editor of the Appeal. Three compositors of the appeal were also taken with the fever, reducing the force so that it is barely possible to issue even a half sheet. The forces of the Avalanche and Ledger have also been cut down by the fever. The publishers say they will continue publication as long as a

man is left. As a general thing the sick are doing well. Gen. W. J. Smith was reported very low this evening, but his physician thinks there is hope for his recovery. Drs. Frazer and Porter are doing well.

The fever has broken out badly in Camp Joe Williams, and several deaths have already occurred. Physicians are discussing the propriety of moving the camp to some other point. The list of new cases Collin's Voltaic Plasters. to-day shows that the fever is making no as there are whites, and it is having a denoralizing effect among the Two sisters of the La Sallette Catholic academy were stricken to-day. The dead of to-day, are:

Jerry Heffernan, 63.

Harry Clare, aged 7.

Mary Lynch, 31. Tom Warner, 35. Mrs. Riley, 40. Ed. A. Starbery, 6 months. The continued damp, threatening weathr will swell the lists of both sick and dead

until the last one of us has been tried. It is estimated that there are not over three thousand white people-men, women and children -in the city, out of a popula tion of thirty thousand whites, and the daily report of a hundred new cases will rapidly reduce that number until we are entirely helpless. A number of new cases to-night are without medical attendance, because the few physicians who are in the field are worked down and have already more cases than they can attend to. In all cases nurses have been furnished so far, but | city for all needed supplies. many more cannot be furnished, as the Howard's list of nurses are nearly exhausted. While abundance of pecuniary aid

there is need of medical aid and nurses. Many are dying now for want of attention, and our people are doing all in their power. Your correspondent has just returned from the intected district, which is wrapped in the gloom and stillness of a graveyard. I found a man on the stairway of the Adam's block, near the corner of Second and Adams streets, who had just been that no danger need be apprehended. stricken down with the fever. He was so

well and hearty an hour ago now lies de-lirous under the influence of the deadly fever, and Memphis is but a little better than a city of the dead.

[Associated Press Report.]

NEW SERIES---NO. 100

Мемрия, Tenn., Aug. 26.—From 6 р.m., yesterday to neon to-day 76 new cases and 17 denths reported. Among the dead is W. H. Halstead, with Wheeler, Pickens & Co., and among the sick sisters Dominica and Veronica of Lazalette academy and Fred Brennan, city editor of the Appeal. The fever is spreading to an alarming extent among the colored people. One case was brought from camp Joe Williams, this morning, and fears are entertained that it will break out among the refugees there. The work of depopulating the city continues.

SECOND DISPATCH. To-day the weather has been cloudy and gloomy in the extreme. The fever has not only increased in the city but has seemed to thwart the efforts to save the lives of the many poor people who were moved out of the city by appearing in two of the camps. It is now definitely known that three deaths occurred yesterday from fever at camp Joe Williams and several others of the refugees are sick. In addition to these three a woman also died from heart disease. When found this morning in her tent her young belie was discovered on its dead mother's breast seeking its wonted New York, August 27, 1:20 P.M.—Wheat nourishment. At the camp near Overton station, on the Memphis and Paducah railroad, Chas. Fagan died this morning.

For the past twenty-four hours the board of health records show one hundred new cases, and twenty-six interments. Dr. Alex Erskine was taken down to-day; also Fathers McGaveny and Bokel of St. Peter's parish, two more sisters at Lazellette academy, W. W. White, clerk at the Peabody hotel, and Joseph Russell, who has been actively at work among the sick of the Odd Fellows' fraternity. The disease to-day has taken down many negroes, in some neighborhoods sick ones being found in every household. There is great need for physicians and nurses, our own physicians having more than they can attend to, and many of the sick having to go for days without the attention of a nurse. A ride through districts where the fever is worst, draws forth many appeals to be directed where or how to obtain a physician. As a result many do not receive medical attention until too late to save life. The Howards employ five physicians. The sick calls are more than they can attend to. Two of our practicing physicians have died with the fever and five others are now

NEW ORLEANS.

New Orleans, August 26 .- Dr. Warren Stone, who left Port Eads on Sunday, leaves for Grenada this evening, in response to a call from the Howard association. The Picayune says: "By private letter it is learned that the fever at Piaquemine, Iberville perish, has largely increased and the people are sadly afflicted. They suffer chiefly from the want of nurses and physteians, and those who are in good health are mainly employed in taking care of those who are down." The Times says: "The strong sympathy shown to afflicted cities distinction between race, color or previous of the south by their more fortunate sisters condition, as there are as many colored people stricken in proportion to population forgotten. On every side we hear of most noble efforts being made to raise contributions in and of the afflicted. While the north, with lavish hand, is soothing the fevered brow of the southern sufferers, she is building a monument to gratitude which

will be luminous forever." O. V. Shearer, a native of Alabama, late city editor of the Times, died of fever to-day in the 31st year of his age. The deaths to-day include 14 children under

8 years of age. GRENADA, Miss., Aug. 26, 12 M .- For heaven's sake send a few nurses. It is untrue that the material for disease is exhausted. Nurses are worn out. Two of the most eminent physicians have just been taken down. Physicians are needed, with

nurses, but not without. B. P. Anderson. W. T. WALTHAM.

GRENADA, Aug. 26, 12:10 P. M .-- Your telegram just received. Dr. Veazie is not sick. One New Orleans nurse sick, but walking about to-day. We need all kinds of nourishment for the sick; need 25 nurses worse than anything else. Material not ex-hausted. Nurses for Holly Springs passed up. For God's sake send nurses it you can. B. P. Anderson. Pay \$5 per day.

GRENADA, Aug. 26, 12-25 P. M .- Try and

get Dr. Mandenville to come back; if not

possible get some other physician. Only

two local physicians on duty. They will be down soon. Nurses or help of any kind

wanted. Some families have not a well person to wait upon them. Eight deaths last night--six whites and two bracks. DR. VEAZIE. In response to the above telegrams the Howard association sent Dr. Stone with four nurses, also supplies of ale, champaign, fresh meats on ice, cracknells, etc., and authorized those in authority at Grenada to
